If you want to see massive earnings over customer draw, goal for an audience that's searching for easy options to their issues at a low price. In case your book is geared toward solving one particular problem rather than basic recommendation, then you may cost more. Start at the highest price the market will bear to usher in the largest profits, and plan to low cost the book a number of occasions all through the year.

Another strategy is to check out costs by making a variety of duplicate sales pages with different prices on every page. Ensure your sales copy is precisely the same on every page, and consists of

your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. This may let you know what your optimum price is.
