As an alternative, add various hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to test out prices by making a number of duplicate gross sales pages with completely different prices on every page. Be sure that your gross sales copy is exactly the

identical on each web page, and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your web site and gross sales of your book. This may inform you what your optimum worth is.

In the end, if you happen to've written a book that solves a downside or presents a brand new approach, your e-book will bring in both site visitors and profits.
