An efficient approach for determining a value is to send out a survey to your present customers. If these clients have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by creating a sales page for the brand new book, but do not include a value on that page. Make certain your sales copy is precisely the identical on each page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your web site and gross sales of your book. This can tell you what your optimum value is.

Ultimately, in case you've written a e-book that solves a downside or presents a new method, your book will usher in both traffic and profits.
