An efficient approach for determining a worth is to ship out a survey to your present customers. If these clients have already purchased an ebook from you, ask for his or her opinion when it comes to price. Do this by making a sales page for the new ebook, but don't include a price on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to test out prices by creating a number of duplicate gross sales pages with completely different prices on every page. Ensure your sales copy is strictly the similar on each web page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between guests to your website and gross sales of your book. This can inform you what your optimum price is.

In the end, should you've written a e-book that solves a problem or presents a new method, your guide will bring in each site visitors and profits.
