An effective approach for determining a price is to send out a survey to your present customers. If these customers have already purchased an book from you, ask for their opinion in terms of price. Do that by creating a gross sales web page for the brand new e book, but do not embody a worth on that page. Instead, add quite a few hyperlinks to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to check out costs by creating a variety of duplicate gross sales pages with totally different prices on each page. Make sure your gross sales copy is strictly the similar on

every page, and includes your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. This can inform you what your optimum price is.

Finally, if you've written a ebook that solves a downside or presents a brand new method, your book will usher in both site visitors and profits. So you should definitely write that promoting-handle sentence that sums up what drawback your e book solves and what the benefits of your 1109 guide will be to the purchasers who purchase it.
