An effective technique for determining a worth is to ship out a survey to your current customers. If these clients have already purchased an e-book from you, ask for their opinion by way of price. Do that by creating a sales page for the new guide, but don't embody a worth on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out costs by making a variety of duplicate gross sales pages with completely different prices on every page. Be sure your gross sales copy is exactly the same on each

web page, and includes your selling-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This may let you know what your optimum value is.

In the end, for those who've written a guide that solves a downside or presents a new method, your book will bring in each site visitors and profits. So make sure to write that promoting-deal with sentence that sums up what downside your ebook solves and what the benefits of your 1162 e book will likely be to the shoppers who buy it.
