An effective approach for determining a price is to send out a survey to your current customers. If these clients have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the brand new e-book, but don't embrace a price on that page. Instead, add various links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to check out prices by creating a number of duplicate gross sales pages with different prices on every page. Be sure that your sales copy is strictly the identical on every page, and contains your selling-deal with sentence. Then work out for every page the conversion ratio between guests to your website and sales of your book. It will let you know what your optimum price is.

In the end, for those who've written a e book that solves a problem or presents a new approach, your e book will herald both traffic and profits.
