Another technique is to check out costs by making a number of duplicate gross sales pages with different costs on every page. Be certain that your gross sales copy is strictly the same on every

page, and includes your selling-handle sentence. Then figure out for every web page the conversion ratio between visitors to your web site and gross sales of your book. This will let you know what your optimum worth is.

Ultimately, when you've written a ebook that solves a problem or presents a brand new technique, your guide will usher in both site visitors and profits.
