However, if your guide accommodates helpful ? and extra importantly NEW info, references, or techniques ? then it's best to goal to price it on the high end.

After you figure out your goal, you have to figure out what your audience's want is in your ebook. For example, does your e-book clear up a specific problem? If it does, and solves it in a method

An efficient method for determining a value is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion by way of price. Do that by making a sales page for the new book, but do not embody a value on that page. As an alternative, add a variety of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to test out prices by creating a variety of duplicate gross sales pages with different costs on every page. Be certain your sales copy is strictly the similar on every page, and consists of your selling-handle sentence. Then determine for every web page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum price is.
