An effective technique for determining a price is to ship out a survey to your current customers. If these clients have already bought an e-book from you, ask for their opinion in terms of price. Do this by making a sales web page for the brand new e book, but don't embody a value on that page. As a substitute, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other strategy is to test out costs by creating a variety of duplicate gross sales pages with different costs on every page. Make certain your gross sales copy is strictly the identical on each

web page, and includes your selling-handle sentence. Then figure out for every page the conversion ratio between guests to your site and gross sales of your book. This can let you know what your optimum worth is.

Finally, if you've written a ebook that solves a problem or presents a brand new method, your guide will herald each site visitors and profits.
