Marketing Methods

The important thing that unlocks the gross sales potential of your e-book is to find a single sentence that becomes your promoting handle. This sentence states what question or problem your book answers and the advantages your book can provide. Then make sure you use that sentence in each piece

of sales and promotional materials, and every time anyone asks you about your ebook.

Moreover selling your books assiduously online, there are a number of other methods that can show you how to sell extra books.

One is to provide one thing away without spending a dime along with your guide, resembling a useful bonus item. Or bundle a number of ebooks below one price, which lowers the worth for every book in the event that they were sold separately.

An efficient technique for figuring out a value is to send out a survey to your current customers. If these clients have already bought an book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales page for the new e-book, but do not embrace a worth on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another strategy is to check out costs by creating a number of duplicate sales pages with completely different costs on each page. Make sure that your gross sales copy is precisely the identical on each page, and contains your promoting-handle sentence. Then figure out for every web page the conversion ratio between guests to your website and sales of your book. This can tell you what your optimum worth is.

Finally, should you've written a guide that solves a problem or presents a new approach, your guide will usher in each traffic and profits.
