Another technique is to test out prices by making a number of duplicate gross sales pages with different costs on each page. Be sure your gross sales copy is strictly the identical on each page, and includes your selling-deal with sentence. Then figure out for every page the conversion ratio between visitors to your web site and sales of your book. This can inform you what your optimum value is.

Finally, if you happen to've written a guide that solves a problem or presents a new method, your e-book will herald both visitors and profits.
