gross sales and promotional materials, and each time anyone asks you about your ebook.

In addition to promoting your books assiduously on-line, there are a number of other methods that can make it easier to sell more books.

One is to present something away free of charge along with your guide, reminiscent of a priceless bonus item. Or bundle a number of ebooks beneath one price, which lowers the price for each e book in the event that they have been sold separately.

An effective method for figuring out a value is to send out a survey to your present customers. If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the new ebook, but do not embrace a value on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to aid you in assigning a value to your ebook.

One other technique is to check out prices by creating a number of duplicate sales pages with totally different prices on each page. Ensure that your gross sales copy is precisely the similar on each web page, and includes your selling-handle sentence. Then figure out for each web page the conversion ratio between guests to your web site and gross sales of your book. This will tell you what your optimum worth is.

Ultimately, in case you've written a e-book that solves a problem or presents a new approach, your book will bring in both traffic and profits.
