Moreover promoting your books assiduously on-line, there are a number of other methods that may show you how to promote more books.

One is to present one thing away without cost with your book, such as a useful bonus item. Or bundle a number of ebooks underneath one value, which lowers the worth for every book if they have been sold separately.

An efficient method for figuring out a worth is to send out a survey to your present customers. If these prospects have already purchased an e-book from you, ask for their opinion in terms of price. Do this by creating a gross sales page for the new e book, however don't embrace a worth on that page. As a substitute, add quite a few links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out costs by creating a variety of duplicate sales pages with completely different costs on each page. Ensure that your sales copy is strictly the identical on

each web page, and consists of your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your site and sales of your book. This can tell you what your optimum worth is.

In the end, should you've written a book that solves a problem or presents a brand new technique, your book will bring in each visitors and profits. So you'll want to write that promoting-handle sentence that sums up what problem your book solves and what the advantages of your 1701 ebook will be to the purchasers who purchase it.
