Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a value to your ebook.

Another technique is to check out prices by making a variety of duplicate sales pages with completely different costs on every page. Make certain your sales copy is strictly the identical on every page, and contains your selling-deal with sentence. Then figure out for every web page the conversion ratio between visitors to your site and gross sales of your book. This will let you know what your optimum worth is.

Finally, for those who've written a e-book that solves a downside or presents a new method, your e-book will bring in both traffic and profits.
