The key that unlocks the gross sales potential of your e-book is to discover a single sentence that becomes your selling handle. This sentence states what question or downside your ebook answers and the benefits your ebook can provide. Then be sure you use that sentence in every piece of gross

sales and promotional materials, and each time anybody asks you about your ebook.

An efficient approach for determining a price is to send out a survey to your current customers. If these clients have already bought an e book from you, ask for their opinion in terms of price. Do that by creating a gross sales page for the new ebook, but do not include a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a value to your ebook.

One other technique is to check out costs by making a number of duplicate gross sales pages with completely different costs on every page. Be certain your sales copy is strictly the identical on every web page, and contains your promoting-deal with sentence. Then figure out for each web page the conversion ratio between guests to your site and gross sales of your book. This can inform you what your optimum worth is.

Ultimately, in the event you've written a book that solves a problem or presents a new technique, your ebook will bring in each site visitors and profits.
