If these prospects have already purchased an e book from you, ask for his or her opinion when it comes to price. Do that by making a gross sales page for the new e-book, but don't embody a value on that page. As an alternative, add numerous hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to check out prices by creating a variety of duplicate sales pages with different prices on each page. Ensure that your sales copy is precisely the identical on each web

page, and contains your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your site and sales of your book. This can let you know what your optimum value is.

Finally, if you happen to've written a guide that solves a downside or presents a new technique, your e-book will bring in each site visitors and profits.
