One other technique is to check out costs by creating a variety of duplicate sales pages with completely different prices on each page. Make certain your sales copy is exactly the similar on

every page, and contains your selling-deal with sentence. Then work out for every page the conversion ratio between visitors to your website and gross sales of your book. This may let you know what your optimum value is.

Ultimately, for those who've written a e book that solves a drawback or presents a brand new method, your book will bring in each site visitors and profits.
