One other strategy is to test out costs by making a number of duplicate sales pages with completely different costs on every page. Make certain your gross sales copy is strictly the similar on each

page, and includes your promoting-handle sentence. Then work out for each web page the conversion ratio between guests to your site and gross sales of your book. This will let you know what your optimum price is.

Ultimately, in the event you've written a book that solves a drawback or presents a brand new approach, your book will herald both traffic and profits.
