One is to offer one thing away without cost with your book, corresponding to a priceless bonus item. Or bundle a number of ebooks underneath one value, which lowers the price for each ebook if they had been bought separately.

An efficient technique for determining a value is to send out a survey to your present customers. If these prospects have already bought an e book from you, ask for their opinion in terms of price. Do that by creating a sales page for the brand new e book, however don't embrace a price on that page.
