Another technique is to check out prices by creating a variety of duplicate sales pages with totally different prices on every page. Ensure your gross sales copy is strictly the same on each web page,

and consists of your promoting-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. This can inform you what your optimum value is.

Finally, in the event you've written a e-book that solves a drawback or presents a brand new technique, your guide will usher in each site visitors and profits.
