benefits your book can provide. Then be sure to use that sentence in every piece of sales and promotional material, and each time anyone asks you about your ebook.

An effective method for figuring out a price is to ship out a survey to your current customers. If these prospects have already purchased an book from you, ask for their opinion in terms of price. Do that by making a sales web page for the brand new e-book, but do not embody a value on that page. As a substitute, add a lot of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out prices by creating a number of duplicate sales pages with different costs on each page. Make certain your gross sales copy is exactly the same on every page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and gross sales of your book. This may let you know what your optimum value is.

Ultimately, if you've written a e-book that solves a problem or presents a new approach, your book will bring in both traffic and profits. So remember to write that selling-handle sentence that sums up what problem your book solves and what the advantages of your 1990 book will likely be to the shoppers who purchase it.
