gross sales and promotional material, and each time anyone asks you about your ebook.

An efficient method for figuring out a value is to send out a survey to your present customers. If these clients have already bought an e-book from you, ask for his or her opinion by way of price. Do this by making a gross sales web page for the new guide, but do not include a worth on that page. As an alternative, add various links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out costs by creating a number of duplicate sales pages with completely different costs on every page. Make sure that your sales copy is exactly the similar on each page, and contains your promoting-deal with sentence. Then figure out for each page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum price is.

Finally, if you happen to've written a book that solves a drawback or presents a new technique, your ebook will usher in both visitors and profits. So be sure you write that selling-deal with sentence that sums up what downside your guide solves and what the benefits of your 2075 book will be to the customers who purchase it.
