Another technique is to check out prices by making a number of duplicate gross sales pages with totally different prices on each page. Make certain your gross sales copy is strictly the same on every page, and consists of your selling-handle sentence. Then work out for each web page the conversion ratio between visitors to your website and sales of your book. This will inform you what your optimum value is.

In the end, if you've written a ebook that solves a problem or presents a new method, your e book

will bring in both visitors and profits. So be sure you write that selling-deal with sentence that sums up what downside your e book solves and what the advantages of your 2100 e-book will be to the customers who buy it. After which watch your market come to you!
