An efficient technique for figuring out a worth is to ship out a survey to your present customers. If these prospects have already bought an e book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new ebook, however don't include a price on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out costs by making a variety of duplicate gross sales pages with completely different costs on every page. Be sure your gross sales copy is exactly the same on every

web page, and contains your promoting-deal with sentence. Then determine for each page the conversion ratio between guests to your site and sales of your book. This can let you know what your optimum worth is.

Ultimately, should you've written a book that solves a drawback or presents a brand new technique, your e book will bring in both traffic and profits. So be sure to write that promoting-deal with sentence that sums up what drawback your e-book solves and what the advantages of your 2206 book might be to the purchasers who purchase it.
