One other strategy is to check out prices by making a variety of duplicate gross sales pages with different costs on each page. Be sure that your gross sales copy is strictly the identical on every web page, and includes your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your website and sales of your book. This can inform you what your optimum price is.

Ultimately, should you've written a guide that solves a downside or presents a brand new method,
