After you figure out your aim, you will need to work out what your viewers's need is on your ebook. For example, does your e book solve a particular drawback? If it does, and solves it in a method that hasn't been written about in 100 other ebooks, you will be in a position to obtain excessive gross sales at a high price. In case your e-book solves a problem or solutions questions in a new and unique way, you need to value your e book as high as you possibly can go. If these clients have already purchased an e book from you, ask for his or her opinion in terms of price. Do this by creating a gross sales page for the brand new guide, however don't include a price on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a number of duplicate gross sales pages with completely different costs on every page. Be certain that your gross sales copy is strictly the similar on every web page, and contains your selling-deal with sentence. Then figure out for every page the conversion ratio between visitors to your web site and sales of your book. This can inform you what your optimum price is.

Finally, if you've written a ebook that solves a problem or presents a brand new method, your guide will herald both site visitors and profits. So be sure to write that promoting-handle sentence that sums up what drawback your book solves and what the advantages of your 2300 e-book can be to the purchasers who purchase it.
