An effective method for determining a price is to send out a survey to your current customers. If these customers have already purchased an e book from you, ask for his or her opinion in terms of price. Do that by making a gross sales page for the brand new ebook, but do not include a value on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

One other strategy is to test out prices by creating a variety of duplicate sales pages with different prices on every page. Ensure that your gross sales copy is exactly the same on each web

page, and contains your promoting-handle sentence. Then work out for every page the conversion ratio between visitors to your web site and sales of your book. This will inform you what your optimum value is.

In the end, should you've written a e-book that solves a downside or presents a brand new approach, your e book will bring in each site visitors and profits.
