Start at the highest value the market will bear to bring in the largest income, and plan to discount the guide a number of instances all through the year.

An effective method for determining a value is to send out a survey to your present customers. If these clients have already purchased an e-book from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the new ebook, however don't include a value on that page. As an alternative, add various hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to check out prices by making a variety of duplicate sales pages with different costs on every page. Be sure that your gross sales copy is precisely the same on each page, and consists of your promoting-handle sentence. Then determine for every web page the conversion ratio between guests to your site and gross sales of your book. This can tell you what your optimum worth is.

In the end, when you've written a book that solves a problem or presents a new method, your book will bring in both site visitors and profits.
