If these customers have already purchased an e book from you, ask for their opinion when it comes to price. Do that by making a sales page for the new book, however do not embrace a value on that page.

As an alternative, add various links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other technique is to check out prices by creating a variety of duplicate gross sales pages with completely different costs on every page. Be certain that your gross sales copy is precisely the same on every web page, and contains your selling-deal with sentence. Then determine for each page the conversion ratio between visitors to your web site and sales of your book. It will let you know what your optimum value is.
