If these customers have already bought a book from you, ask for his or her opinion when it comes to price. Do that by creating a sales web page for the new e-book, however don't embrace a value on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

One other strategy is to check out costs by creating a variety of duplicate sales pages with different prices on each page. Be certain that your gross sales copy is strictly the similar on

every web page, and consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between guests to your website and sales of your book. This will inform you what your optimum worth is.

Ultimately, in case you've written a guide that solves a downside or presents a new technique, your ebook will usher in each traffic and profits.
