An effective method for figuring out a value is to send out a survey to your current customers. If these prospects have already bought an e-book from you, ask for their opinion by way of price. Do this by making a gross sales page for the new e-book, but do not embrace a value on that page. Another strategy is to test out prices by creating a number of duplicate sales pages with totally different costs on every page. Be certain your gross sales copy is strictly the same on every web page, and contains your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your web site and sales of your book. This will let you know what your optimum price is.

Ultimately, when you've written a ebook that solves a problem or presents a brand new method, your guide will usher in both visitors and profits.
