An efficient technique for figuring out a worth is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for his or her opinion when it comes

to price. Do this by making a gross sales page for the brand new book, but don't include a value on that page. Instead, add quite a few links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out prices by making a variety of duplicate gross sales pages with different costs on every page. Be sure that your gross sales copy is strictly the same on each web page, and consists of your promoting-deal with sentence. Then determine for each page the conversion ratio between guests to your site and gross sales of your book. This can let you know what your optimum worth is.

In the end, in case you've written a book that solves a problem or presents a brand new method, your guide will herald both traffic and profits. So make sure you write that promoting-deal with sentence that sums up what drawback your guide solves and what the advantages of your 2629 ebook will probably be to the shoppers who buy it.
