However the truth that unites ebooks and print books is that they are composed of ideas. It is the concepts in these books which have the flexibility to vary, or probably transform, people's lives.

What do you suppose an thought is worth when evaluated against the cost of paper and ink?

It is the IDEAS that are helpful! That is how you decide the cost of your ebook.

What should I charge for my concepts?

sentence in every piece of sales and promotional material, and each time anyone asks you about your ebook.

Besides promoting your books assiduously on-line, there are several different strategies that can provide help to sell extra books.

An efficient approach for determining a worth is to ship out a survey to your present customers. If these clients have already bought an e book from you, ask for their opinion in terms of price. Do that by making a sales web page for the brand new guide, but don't embody a worth on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to test out prices by making a variety of duplicate gross sales pages with completely different prices on every page. Make sure that your gross sales copy is strictly the same on every web page, and contains your selling-handle sentence. Then work out for every page the conversion ratio between guests to your site and sales of your book. It will tell you what your optimum price is.

In the end, when you've written a e-book that solves a drawback or presents a brand new technique, your e book will herald both visitors and profits. So remember to write that promoting-handle sentence that sums up what downside your e book solves and what the benefits of your 309 guide shall be to the shoppers who buy it.
