An effective approach for figuring out a price is to ship out a survey to your present customers. If these clients have already bought an e-book from you, ask for his or her opinion in terms of price. Do that by creating a gross sales page for the brand new ebook, but don't embrace a worth on that page. Instead, add a lot of links to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other technique is to check out costs by creating a variety of duplicate gross sales pages with completely different costs on every page. Make certain your gross sales copy is exactly the same on

every page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your website and sales of your book. It will inform you what your optimum worth is.

In the end, if you happen to've written a guide that solves a drawback or presents a new method, your guide will herald both site visitors and profits. So make sure to write that selling-deal with sentence that sums up what problem your ebook solves and what the benefits of your 388 e-book shall be to the shoppers who buy it.
