and promotional material, and each time anyone asks you about your ebook.

Another technique is to check out prices by making a number of duplicate gross sales pages with totally different prices on each page. Be sure that your gross sales copy is exactly the same on each web page, and consists of your selling-deal with sentence. Then figure out for each page the conversion ratio between guests to your website and sales of your book. This may let you know what your optimum worth is.

Finally, if you've written a book that solves a downside or presents a new approach, your ebook will herald each site visitors and profits.
