The key that unlocks the gross sales potential of your book is to find a single sentence that becomes your selling handle. This sentence states what query or drawback your ebook answers and the advantages your e-book can provide. Then make sure you use that sentence in each piece of gross

sales and promotional material, and every time anybody asks you about your ebook.

An efficient approach for determining a value is to ship out a survey to your present customers. If these customers have already bought an e book from you, ask for his or her opinion in terms of price. Do this by creating a sales page for the new guide, but don't embody a value on that page. Another technique is to check out prices by making a variety of duplicate gross sales pages with different prices on every page. Make certain your gross sales copy is strictly the identical on each web page, and includes your promoting-deal with sentence. Then work out for each web page the conversion ratio between visitors to your website and gross sales of your book. This may inform you what your optimum worth is.

Finally, in the event you've written a book that solves a problem or presents a new method, your book will herald each traffic and profits.
