An effective method for figuring out a price is to ship out a survey to your present customers. If these prospects have already purchased an e book from you, ask for their opinion when it comes to price. Do that by making a sales page for the new ebook, however do not include a price on that page. As an alternative, add a number of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another technique is to check out prices by making a variety of duplicate gross sales pages with completely different costs on each page. Make sure that your gross sales copy is precisely the

similar on every page, and consists of your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your site and sales of your book. This may inform you what your optimum price is.
