An effective method for figuring out a worth is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for their opinion in terms of price. Do

that by making a sales web page for the new guide, but don't include a value on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to assist you in assigning a value to your ebook.

One other strategy is to check out costs by creating a variety of duplicate sales pages with different costs on every page. Be certain your sales copy is strictly the same on each web page, and includes your selling-deal with sentence. Then work out for every web page the conversion ratio between guests to your web site and sales of your book. This can let you know what your optimum price is.

Ultimately, if you've written a guide that solves a downside or presents a brand new approach, your ebook will usher in each traffic and profits. So remember to write that selling-handle sentence that sums up what drawback your e book solves and what the benefits of your 585 book might be to the shoppers who purchase it. After which watch your market come to you!
