An efficient approach for determining a worth is to send out a survey to your current customers. If these customers have already purchased an e-book from you, ask for his or her opinion by way of price. Do that by making a sales page for the brand new guide, but don't embrace a value on that page. As a substitute, add quite a few hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

One other strategy is to check out costs by creating a number of duplicate sales pages with different prices on every page. Be sure your gross sales copy is exactly the similar on each page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your website and sales of your book. This may inform you what your optimum value is.

Ultimately, if you've written a ebook that solves a problem or presents a new technique, your e book will bring in each traffic and profits.
