Do that by creating a sales page for the new book, but don't embrace a value on that page. As an alternative, add a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another technique is to test out prices by making a number of duplicate gross sales pages with totally different prices on every page. Be certain your sales copy is precisely the identical on each page, and includes your selling-handle sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. This may tell you what your optimum worth is.
