A printed book is an object you possibly can hold in your hand, store on your bookshelf, even hand down to the next generation. It is priced on factors such as paper inventory, design and production prices, and marketing.

But the truth that unites ebooks and print books is that they're composed of ideas. It is the ideas in these books which have the ability to alter, or presumably rework, individuals's lives.

What do you assume an idea is value when evaluated against the price of paper and ink?

It is the IDEAS that are invaluable! That's the way you determine the cost of your ebook.

What ought to I charge for my concepts?

There are all completely different formulas and strategies for figuring out the proper value on your ebook. Let's begin with honing in in your ultimate goals.

Decide if your purpose is to get huge distribution and maximum exposure. Start on the highest worth the market will bear to usher in the largest earnings, and plan to discount the guide a variety of times throughout the year.

Advertising and marketing Strategies

The important thing that unlocks the sales potential of your e-book is to discover a single sentence that becomes your promoting handle. This sentence states what question or problem your book solutions and the advantages your e-book can provide. Then be sure to use that sentence in each piece of gross sales and promotional material, and each time anyone asks you about your ebook.

Besides selling your books assiduously on-line, there are several different methods that may make it easier to sell more books.

One is to provide something away at no cost with your e book, corresponding to a helpful bonus item. Or bundle several ebooks underneath one price, which lowers the value for each e-book in the event that they have been offered separately.

An effective method for figuring out a value is to ship out a survey to your present customers. If these customers have already purchased an e-book from you, ask for their opinion when it comes to price. Do this by creating a sales page for the new ebook, but don't embody a value on that page. Instead, add quite a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out prices by making a variety of duplicate sales pages with different costs on every page. Make sure that your sales copy is strictly the same on each page, and

contains your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your web site and sales of your book. This will tell you what your optimum value is.

Ultimately, when you've written a book that solves a downside or presents a brand new method, your e book will herald both traffic and profits. So make sure to write that promoting-handle sentence that sums up what drawback your e book solves and what the advantages of your 61 e-book will be to the purchasers who buy it. After which watch your market come to you!
