Another strategy is to check out prices by making a number of duplicate gross sales pages with completely different costs on every page. Make sure your sales copy is strictly the same on every web page, and includes your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your web site and gross sales of your book. This will tell you what your optimum value is.

In the end, in the event you've written a e book that solves a drawback or presents a brand new
