Another strategy is to check out prices by creating a number of duplicate gross sales pages with totally different costs on every page. Make sure that your sales copy is precisely the same on each

web page, and contains your promoting-handle sentence. Then determine for each web page the conversion ratio between visitors to your website and sales of your book. This will inform you what your optimum worth is.

Ultimately, if you've written a book that solves a problem or presents a brand new method, your guide will herald each traffic and profits.
