In addition to promoting your books assiduously on-line, there are a number of other methods that may help you promote more books.

One is to provide one thing away without spending a dime with your ebook, similar to a invaluable bonus item. Or bundle several ebooks beneath one value, which lowers the value for each e book if they were bought separately.

An effective method for figuring out a value is to send out a survey to your current customers. If

these prospects have already bought an e-book from you, ask for their opinion by way of price. Do that by creating a gross sales web page for the new ebook, however don't embody a price on that page. Instead, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to test out prices by making a variety of duplicate sales pages with completely different prices on every page. Ensure your sales copy is precisely the similar on each web page, and contains your selling-deal with sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. This will let you know what your optimum price is.

Finally, for those who've written a book that solves a drawback or presents a brand new method, your guide will usher in both traffic and profits. So be sure you write that selling-handle sentence that sums up what drawback your e book solves and what the advantages of your 705 guide will likely be to the purchasers who buy it. And then watch your market come to you!
