promotional material, and each time anybody asks you about your ebook.

Besides promoting your books assiduously on-line, there are several different strategies that can enable you to promote more books.

One is to present something away without cost along with your book, equivalent to a worthwhile bonus item. Or bundle several ebooks underneath one worth, which lowers the value for every book if they had been bought separately.

An efficient technique for determining a value is to send out a survey to your present customers. If these customers have already purchased an e-book from you, ask for their opinion when it comes to price. Do that by creating a gross sales page for the new guide, however do not embody a price on that page. Instead, add a variety of hyperlinks to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

Another strategy is to test out costs by making a number of duplicate gross sales pages with different costs on every page. Be sure that your sales copy is precisely the identical on each page, and includes your selling-deal with sentence. Then determine for every web page the conversion ratio between visitors to your website and gross sales of your book. This can inform you what your optimum value is.

Ultimately, if you happen to've written a e-book that solves a downside or presents a new approach, your book will bring in both visitors and profits.
