An efficient method for determining a price is to send out a survey to your current customers. If these prospects have already bought an ebook from you, ask for their opinion by way of price. Do that by making a gross sales page for the new ebook, but do not embody a price on that page. Instead, add plenty of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out costs by creating a number of duplicate sales pages with totally different costs on each page. Be sure your gross sales copy is strictly the identical on each web page, and includes your selling-handle sentence. Then figure out for each page the conversion ratio between visitors to your site and sales of your book. This will let you know what your optimum price is.

Finally, in case you've written a ebook that solves a drawback or presents a new technique, your

book will bring in both traffic and profits. So be sure to write that selling-deal with sentence that sums up what downside your e book solves and what the benefits of your 748 e book will probably be to the purchasers who purchase it. After which watch your market come to you!
