A printed book is an object you may maintain in your hand, retailer on your bookshelf, even hand down to the subsequent generation. It's priced on factors such as paper inventory, design and production costs, and marketing.

But the truth that unites ebooks and print books is that they are composed of ideas. It is the ideas in these books that have the power to alter, or presumably remodel, folks's lives.

What do you assume an idea is worth when evaluated towards the cost of paper and ink?

It's the IDEAS which are invaluable! That is how you determine the cost of your ebook.

What ought to I charge for my ideas?

There are all completely different formulation and methods for figuring out the proper worth in your ebook. Let's begin with honing in in your ultimate goals.

Determine if your objective is to get vast distribution and most exposure. This purpose is geared toward drawing customers to your online business or service, or to establishing the credibility of your reputation. If this is your fundamental objective, it is best to intention to keep your value on the low side. Some authors have even priced their ebooks at a profit loss to draw a high number of new customers. The secret is to find a value that maximizes your income and the number of books you sell.

This is a wonderful pricing strategy if you're looking to purchase long-term customers. Lengthy-time period prospects are extraordinarily doubtless to buy from you once more and again ? so long as the primary e book they buy is of exceptional quality and useful to the customer.

However, in case your ebook comprises helpful ? and more importantly NEW information, references, or methods ? then it's best to intention to cost it on the high end.

After you determine your aim, you should figure out what your viewers's want is for your ebook. For example, does your e-book clear up a specific downside? If it does, and solves it in a means that hasn't been written about in 100 other ebooks, you may be able to achieve high gross sales at a high price. In case your ebook solves an issue or answers questions in a brand new and unique method, you must value your e book as excessive as you can go. Begin on the highest price the market will bear to bring in the largest earnings, and plan to low cost the guide a variety of instances all through the year.

Do this by creating a gross sales web page for the new e-book, however don't include a value on that page. Instead, add quite a lot of links to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out costs by creating a variety of duplicate sales pages with different prices on each page. Be sure your gross sales copy is exactly the similar on each web page, and

consists of your selling-handle sentence. Then work out for every web page the conversion ratio between guests to your site and sales of your book. This will let you know what your optimum price is.

Finally, if you happen to've written a guide that solves a problem or presents a brand new approach, your guide will herald both visitors and profits.
