Instead, add plenty of links to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other technique is to test out prices by creating a number of duplicate gross sales pages with different prices on each page. Make sure that your sales copy is precisely the same on every web page, and includes your promoting-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. This may inform you what your optimum price is.

Ultimately, if you happen to've written a guide that solves a downside or presents a brand new method, your book will usher in both visitors and profits.
