Another technique is to check out costs by creating a number of duplicate sales pages with completely different prices on every page. Make sure that your sales copy is exactly the similar on

every web page, and contains your promoting-handle sentence. Then figure out for every page the conversion ratio between visitors to your web site and sales of your book. This may tell you what your optimum value is.

In the end, should you've written a ebook that solves a problem or presents a brand new technique, your ebook will bring in both site visitors and profits.
